SUMMARY

Javed is a computer science enthusiastic person. In the era of fastest growing technology He wants to become a Software Engineer. He selected his career goal in web applications with MCA. He is familiar with many front end technologies and having experience of HTML, CSS, bootstrap, JavaScript.

As UI Developer with 2+ years of hands-on experience in creating responsive and user-friendly UI solutions. He always transforms hard work into smart work. He looks for career growth with innovative ideas, optimum approach and tackle challenges with zeal & dedications. He holds a master's degree in computer applications from the Institute of Technology & Science.

WORK EXPERIENCE

Role: UI Developer
Company: BulkVyapar Network Pvt. Ltd. | Noida | *Dec 2022 – Feb 2025*
Description: As a UI Developer at BulkVyapar Network Pvt. Ltd., I designed and developed responsive, user-friendly web interfaces. I created landing and multi-page websites and contributed to redesigning the BulkVyapar website to improve its user experience and visual appeal.
Responsibilities: Responsible for designing and developing user-friendly, responsive landing pages using modern UI technologies.

- Designed and developed responsive, cross-browser compatible UIs using HTML5, CSS3, JavaScript and Bootstrap.
- Created and optimized landing pages and multi-page websites to improve user engagement.
- Redesigned the BulkVyapar website for better usability and modern visual design.
- Worked with SQL for data handling and backend integration.

Role: Web Developer Intern
Company: Strategy Soda | Ghaziabad | *Feb 2022 – Aug 2022*
Description: Strategy Soda is a digital advertising and marketing agency of creative strategists who design immersive experiences for audiences across digital platforms.
Responsibilities: Javed's primary role was to design and develop user-friendly landing pages using modern UI technologies. He worked with the team, handled client needs, and delivered quality work.

- Designed and developed user-friendly, responsive web and mobile interfaces using modern UI technologies.
- Created and maintained single-page and multi-page websites under the Strategy Soda brand.
- Write custom HTML, CSS, and JavaScript for both new and existing websites.
- Redesigned and optimized website layouts to improve user experience and performance.

CAREER GAP *(Mar 2025 – Present)*

After completing my role at Bulkvyapar Network Pvt. Ltd., I took some time to learn new skills and enhance my knowledge in React.js and modern front-end technologies.

- Completed an advanced React.js course and developed several portfolio projects.
- Improved my understanding of Props, state management, hooks and react router.

- Built multiple React-based projects, including dynamic landing pages, portfolio websites, and API- driven applications to apply the newly acquired skills.
- Developed and published my personal portfolio website showcasing live projects and GitHub repositories.
